

Do you have a well or spring? Do you wonder if your water is safe to drink?

Our water testing includes the following that may cause health problems or make your water taste or smell bad. The Virginia Household Water Quality program offers affordable water testing and education to improve the water quality and health of Virginians who rely on wells and springs.

Iron
Sodium
Fluoride
Coliform bacteria

Manganese
Copper
pH
E. coli bacteria

Sulfate
Nitrate
Total Dissolved Solids
Lead

Hardness
Arsenic
